Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

University guidelines are followed verbatim with respect to evaluation process of the students. The schedules of internal assessments are communicated to students and faculty members time to time throughout the academic year by the Principal on suggestion of the IQAC. Then each department prepares their own schedule for internal examination and the same is communicated to the students. Questions within the syllabus are framed covering all the topics. Each department conducts its own Internal examination, answer sheet is evaluated by the teacher and shown to the students. If any students has any confusion about their answer then the concerned teacher satisfies them with proper reasoning. Even though the students are not content then they can go to the Head of the Department or any senior teacher which clears their confusion. Unsatisfied students can also visit the Principal with their grievances. At the end of each academic year examinations are conducted by the affiliating University. Internal examination, being conducted at institution level, hence, marks obtained are not added in students' final results.
