Date:

The College pursues the practice of decentralisation in its true sense, in all the three important pillars viz. academics, administration and extra-curricular activities of the institution. The practice of decentralisation and participatory management is reflected in all the activities of the College through a strong and efficient Organogram of Committees/Societies which includes the IQAC, the Staff Council, Student Council and various Cultural Societies. All the major stakeholders of the College including the Principal, Teaching and Non-Teaching Staff, Parents and Students work in a democratic way of governance following the tacit rules of accountability in execution of their duties and responsibilities. The primary objectives of decentralisation is to reorient organisational culture, thin out the official hierarchy, extend opportunities for teachers as well as students to contribute profoundly, enrich the decision-making process, and nurture greater democratic professionalism, together with proficient event management.
